

Encoding

Manages exam encoding: Here the script head is numbered, and the course code and matriculation number of the student are all placed on an Excel file and saved as CSV.

- 1) Select academic year
- 2) Select semester
- 3) Click the "results" button
- 4) Click the "Choose File" button to locate the CSV file in the directory.
- 5) File should be in CSV format.

FILE FORMAT (CSV)		
COURSE CODE	PAPER CODE	MATRICULE
ccode	pcode	smat
ccode	pcode	smat
ccode	pcode	smat
ccode	pcode	smat

- 6) Click the "import" button to save the coded paper code.
