

Fee control settings

Select the fee control option that best suits your institution. This will determine how the system controls access to course registration, results, and placement selection (if applicable) based on fee payments.

1) Click the drop-down arrow beside the "update" button to select either **fee percentage or fee installments depending on the needs for course registration minimum fee** and **result access minimum fee**.

2) Once selected, click "update."

3) configure or set the fees installments or fee percentages for the different semesters

4) Click "update."

Revision #1
