

Mass CA correction

Allows for Correction of CA marks

- 1) Select the academic year for which CA marks corrections are to be made.
- 2) Select background, e.g., undergraduate, master's 1, master's 2
- 3) Select the semester
- 4) Click "Choose File" to select the corrected CA marks on the Excel sheet saved in CSV format in the specified directory. The excel file should be of file type CSV and presented as shown

file format (CSV)

text.word_matricule	course code	CA mark
CU24ES121	CUDA490	26
CU24ES121	CUDA490	26
CU24ES121	CUDA490	26
CU24ES121	CUDA490	26

- 5) Click the button "Save." The corrected marks will be imported and override existing marks with issues

Revision #2
