

Publish results

Results are made available on the VamVam Uniport app for the students by "Publish Results.". Also results published on the app can also be unpublished here.

- 1) Select academic year
- 2) Select "ALL" for all campuses or choose a given campus
- 3) Select the background (undergraduate, Masters 1, Masters 2) for which results are to be published.
- 4) Select the semester
- 5) Select the school
- 6) Select the department
- 7) Select the program
- 8) Select the class
- 9) Select the operation either **"PUBLISH"** or **"UNPUBLISH."**
- 10) Click the button **"VALIDATE"** depending on the operation.

NB: The report for results published and unpublished can be gotten by clicking the field label "year" and the button "Get."

Revision #1
