

Super migrate

Allows bulk marks (CA and exams) importation into the system irrespective of the semester. Here is a collection of students' marks, and their semesters can be imported using the format. The Excel file contains the following columns: Columns: **Course code, Matricule, CA marks, Exam marks, and Semester**. Follow the steps below:

- 1) Select academic year
- 2) Select the class or start typing; the class appears or filtered out, then click
- 3) Click the button "results."
- 4) Choose the CSV file with the **course code, matricule, CA marks, exam marks, and semester** provided in the specific storage directory.
- 5) Click the button "import."
- 6) For cases of result importation of marks, click the button "Clear code result for semester."
